

24-Hour Emergency Parts Guarantee

Our Promise

Kaeser Compressors guarantees that any parts required for emergency breakdowns will be ready to ship within one working day from when we receive the order, or the parts are free. This offer is valid on standard Kaeser screw compressors and blower packages for up to five (5) years from the original purchase date.

Responsive, Flexible Service

Kaeser is committed to providing the best after-sales support and has redefined the traditional service model. In addition to our US logistics centers, our service trucks are stocked with common repair parts for the machine population in the service area. This means that more than 85% of emergency breakdowns can be repaired on the first visit. Combined with our professional factory trained technicians, this means less downtime and lower repair bills.
