Tool Shadow Boards —
Make Your Own Shadows

Shadow-Mark® sets the standard
for a well-managed workplace.

Use Shadow-Mark® to put an end to misplaced tools and other items in your workplace. Trace each item on to the back of Shadow-Mark and cut out the traced shapes using scissors. Remove the paper backing and place the shadow in the designated location. You will have a professional looking shadow board that supports 5S, Lean initiatives and overall workplace organization.

Shadow-Mark is great for quality inspection processes, setup and process changeover, cleaning stations, medical instrument setup, break rooms, offices, mail rooms, maintenance areas and more.

- Apply on glass, metal, plastic, desktops and pegboard
- Quickly identify missing items
- Sustain workplace organization
- Not just limited to tools
- Color code everything

FLOOR-Mark®

because tape doesn't work

*Use Floor-Mark® anywhere
you need visual control and organization.*

Better than traditional tape or paint!

Marking floors is one of the fastest and easiest ways to promote safety and increase productivity in a workplace. Not only will floor markings communicate what is supposed to happen, they will reinforce the standards in your workplace. Compared to traditional tape and paint, Floor-Mark® is superior in installation, durability and maintenance.

- Won't curl, stretch or snag like thick, high profile tapes
- Peel & stick for fast and easy application
- No chemicals needed for removal like paint

Floor-Mark offers a variety of industrial floor marking solutions for high and low traffic areas

In the industrial setting, there is a constant mix of vehicles and pedestrians, which increases the risk of potential accidents. When selecting floor-marking products for a safe work environment, you need to consider whether the area is primarily high traffic or low traffic for optimum performance.

High Traffic Floor Tapes -
For harsh industrial workplace conditions

Floor-Mark High Performance was designed to outperform paint and is the best choice for high traffic environments. It will withstand heavy forklift traffic, truck traffic and pallet placement, as well as…

Low Traffic Floor Tapes -
For pedestrian routes and moderate vehicle traffic

We offer a variety of Floor-Mark Tape products that were designed for durability in moderate traffic areas. It's thin so vehicles can move over it without getting caught, but pedestrian surfaces will remain even.

NEW

Floor-Mark® High Performance
HIGH TRAFFIC PERFORMANCE!

Floor-Mark High Performance was designed to outperform paint and is the best choice for industrial workplaces with high traffic and will withstand tough conditions. It is designed with a low profile, unlike thicker high traffic products that create tripping hazards and get caught on mobile items and pallets! Floor-Mark High Performance uses an armor like adhesive that provides long lasting performance yet flexible to conform to uneven surfaces.

Features

- 3.5 times thicker than our standard Floor-Mark
- Recommended for floors with un-even surfaces
- Peel & stick application for ease of use
- Unique "High Bond" acrylic pressure sensitive adhesive
- Ultra-low profile - 14 mil

FLOOR SIGNS & TAPE

Traffic Control Signs

Our rigid, highly reflective traffic control signs communicate and reinforce traffic regulations or requirements, day and night. The signs are made of High Intensity Prismatic (HIP) reflective sheeting and are recommended for use in more permanent areas.

- High Intensity Prismatic (HIP) sheeting
- Standard .080-gauge aluminum
- Industry standard mounting holes and radiuses
- Meet DOT and MUTCD guidelines

Orange Crush Zone Awareness – Make it Obvious!

Keeping workers safe each day is the highest priority, especially in areas with high vehicle traffic that present a significant risk to pedestrians. Identifying these areas as "Orange Crush Zones" and utilizing visual controls for high visibility can enhance awareness, preventing workplace injury.

A combination of visuals can be used to distinguish Orange Crush Zones. Flashing orange lights to signify fork trucks in operation, orange signs and floor decals to communicate warning and direction, orange vests to identify authorized personnel and orange floor tape to mark zone boundaries are all effective tools.

Gauge-Marking Vinyl

Ideal for quickly identifying gauge and inspection parameters to increase productivity and quality control. Easily hand cut or cut using the Mobile In-House Sign Shop.

Gauge Marking Vinyl can be applied to most smooth surfaces including:

- Glass
- Plastic Corrugated
- Metal
- Dry Erase Board
- PVC
- Acrylic
- Magnet
...and more!

Gauge Marking Vinyl Color Options:

623 Red	614 Green	618 Yellow

Error proof your gauges!

ITEM	ITEM #	COST/ROLL
16" x 12" Sheet	20-1608-1216- (+ color code)	$12.85
16" x 10' Roll	20-1608-1610- (+ color code)	$128.50
2" Precut Circles, 10 pcs.	20-1608-002- (+ color code)	$22.45
2 1/2" Precut Circles, 8 pcs.	20-1608-025- (+ color code)	$22.45
3 1/2" Precut Circles, 6 pcs.	20-1608-035- (+ color code)	$22.45

Use Gauge-Marking Vinyl for more than just gauges!
By applying the Gauge-Marking Vinyl to Plexiglass, using multiple colors, the re-order point is obvious. This eliminates stock-outs and over-stock situations.
